Trim: Vinyl Carpentry® & Restoration Millwork®
Roof: Landmark® in Colonial Slate

Beautifully simple to install

Smart Investment

EZ

Easy to Install

No Mortar

The panelized design of the STONEfaçade cladding system features a fast and easy installation. This eliminates the need for mortar and speeds up installation, as well as the need to work with multiple contractors on multi-product projects.

Installing stone veneer on the exterior of your home is a smart investment, with **one of the highest returns** of any major home remodeling project when it's time to sell.

Simply beautiful to behold

Panelized

One-of-a-Kind

The design flexibility of STONEfaçade gives you the freedom to create any look you can imagine. It can be used to enhance both the exterior and interior of a home – accenting entryways, creating kneewalls to complement siding, and showcasing mantles, backsplashes, hallways, and other spaces that the look of stone can stylishly refine.

Curb appeal is an **important consideration** for home buyers when it comes to home exteriors.

Unwind knowing you made a great investment

20-Year
Limited Warranty

Low Maintenance

3/8" Rainscreen

CertainTeed, a trusted brand in the building industry, stands behind STONEfaçade with a 20-year limited warranty for assurance and peace of mind. STONEfaçade also features the industry's only fully-integrated rainscreen, providing outstanding moisture management for protection of your most important investment.

Complement your siding color

The natural spectrum of STONEfaçade is designed to complement any new or existing home siding color. Here are CertainTeed siding color recommendations to guide your selection.

Coastal Storm

Dark gray tones allow Coastal Storm to pair elegantly with a variety of siding colors and white tones.

- Driftwood Blend
- Pacific Blue
- Charcoal Gray
- Granite Gray
- Graystone
- Sterling Gray
- Oxford Blue
- Herringbone
- Sandstone Beige
- Snow
- Colonial White

Adirondack Snowfall

With tones of gray, Adirondack Snowfall matches best with siding colors and shades of blues and whites.

- Driftwood Blend
- Weathered Blend
- Tuxedo
- Midnight Blue
- Deep Mineral
- Pacific Blue
- Wedgewood Blue
- Smoky Gray
- Charcoal Gray
- Granite Gray
- Graystone
- Sterling Gray

Black II

Adirondack Snowfall
siding in various
grays.

Pocono Autumn

With variegated tones of brown, orange
and yellow, siding in warm shades or gray
tones match well with Pocono Autumn.

Harbor Sunset

With stunning shades of brown and
burgundy, siding in subtle shades of
grays and browns are recommended for
Harbor Sunset.

An Innovative System Design

Moisture management to protect your home

STONEfaçade features the industry's only **fully-integrated rainscreen**, providing additional structural support and ample drainage from top to bottom for outstanding moisture management and protection of your most important investment. Our rainscreen is designed to prevent potential structural damage and mold, a common occurrence when masonry products are installed without a well-defined drainage space.

3/8" Rainscreen

Stone veneer panels for easy installation

Your siding contractor will install it quickly and cleanly, saving time and money on your installation. The STONEfaçade system includes components designed to work together seamlessly, integrating with new or existing exterior cladding for a beautiful, finished appearance.

Panelized

Three panel widths are randomly pre-mixed in a carton to prevent patterning and create a natural appearance.

Note: STONEfaçade is suitable for use in two-story exterior applications up to 30' high.

Designed for years of worry-free performance, STONEfaçade requires no sealing, coating, or mortar. Unlike actual individual stone and other manufactured stone cladding products, STONEfaçade is an easy-to-install panelized system.

No Mortar

In addition, the unique design of the fully-integrated rainscreen provides moisture management protection for your walls and provides a simplified means of drainage installation.

We can help with your decisions

Want More Ideas?

No Place Like Home Brochure

This brochure helps inspire ideas (pub. no. 04-00-78-NA-EN).

Go online for the PDF version or call 800-782-8777 for the brochure.

1 Look for color palette ideas in your surroundings, including landscaping, trees and gardens in your neighborhood and the larger area where you live. The colors you pick for your interior walls can also influence your exterior walls.

2 You may be inspired by your neighbors' color schemes, but it is a good idea to avoid copying them exactly and best to create your own unique combination that sets your home apart. In most cases, you want your home to fit in but not clash with nearby buildings.

3 You need to first consider the appearance of any features on the home that will remain unchanged and harmonize your siding color with them. This includes roofing, masonry, stone, stairways, doors, etc.

4 If your home's architectural style is very distinct (Colonial, Greek Revival, etc.) you will get best results if your color selection and treatment complements its original design.
